ALTHO THAT IS NOT PRECISE

IN project to figure out what people tweet about there dog , name, stage , and what other think about dogs how they rating them as if ther wewere neighbor dog !!

du to it is data gathered from tweets in a certin era of time but , with this tweets we can come to conclusions :

1 - WHAT'S YOUR DOG, NEXT DOG NAME !!?

2 - WHAT people name there dog ? preferred dog name is 🐶

3 - Did you think in what stag your next dog , will be , what is most stage that human have !?

4 - What do you think peoples think about the stage of the other dog , how they rating them ?

* It's look like the dog you have named "Charlie " , your next dog will be called "Lucy", if not , then he is "Cooper", don't tell me its "Oliver" !!.
Most tweeted names for dogs percentage

"Charlie " is the prefered name for most of how tweets about there dog , come next "Lucy", "Cooper", "Oliver" , the lest enclude more names but those are the most comcommon , above a visual for the names appears in the select tweets.

*** It's look like your dog is still "puppo" !!**

DOG STAGE , apperd int tweets for dogs, percentage

the "puppo" stage is the stage that almost every dog owners have, with a "58%" next is "dogggo",with "pupper" in a "24%", and lastly the "floofer" stage with "18%" .

* OH look !, PEOPLE DO LIKE "puppo" !!

Rating numerator , apperd in tweets for dogs, percentage

doggo, puppo   doggo, pupper

doggo, floofer

doggo

21.8%

doggo

doggo, floofer

2.4% 0.3% 3.2%

0.3%

Legend:
- doggo
- doggo, floofer
